

AZSF Cash Register Requirements

The AZ State Fair allows the use of conventional, programmable cash registers OR pre-approved POS systems.

POS systems perform credit/debit sales and record all transactions.

POS systems MUST be pre-approved

The Square POS system is NOT approved

[Learn more about POS](#)

Cash registers will print both Z tapes and complete journals, and record a grand total that is used for auditing.

Cash registers must meet the following requirements:

Dual tape/readable tape

Customer Display

Continuous Grand Total

Cumulative “Z” Counter

“X” readings

30-day battery back up

Accurate date and time settings

Key protector

Consecutive transaction numbers

Method of Payment key dedicated to credit card sales

**All credit card transactions MUST be recorded as a credit/debit card sale on the cash register.

Receipts MUST be offered to every guest, regardless of whether a cash register or POS system is used!
